

Postpartum Care Foundation

Our Four Programs

1. Financial Assistance

We offer financial assistance to new mothers for specialty postpartum care.

How do I apply? Visit our website to fill out an application.

2. Education

Looking for a rewarding new career?

Become a postpartum caregiver. Take our affordable online certification course.

3. Public Awareness

Help us spread the word. **Become a PCF Ambassador.** Visit our website for details.

4. Scientific Research

We are collecting data from new mothers and their caregivers on the efficacy of this work. Our goal is to help women avoid the onset of postpartum depression.

Support New Mothers & Families

With your **donation** we can help every new mother access postpartum care.

Postpartum Care Foundation

Get Financial Assistance for Postpartum Care

Our Mission

We honor women and heal mothers by providing financial assistance for postpartum care.

What is postpartum care?

Comprehensive care including nutritious meal delivery, healing teas, warming treatments, belly binding, emotional support, and baby bonding techniques. This program helps to balance hormones, induce lactation, uplift spirits, and heal the body quickly.

Why is it so important?

Immediately after birth a woman's body is nutritionally depleted and often vulnerable from the stresses of birth. It is important to take the time needed to recover and properly heal.

Is this a new kind of treatment?

No, this kind of care has always existed in many countries around the world, however the United States is one of the only countries in the world that does not offer postpartum care in its medical model or culture.
